

## 0.8-2.5GHz 300W High Power 3-Way Power Divider

- Very small package
- Excellent phase and amplitude balance
- Bi-Directional as divider and combiner \*
- Low Insertion loss and high isolation
- Standard: MIL E-5400, MIL E -16400
- High power handling capability
- \* 300W average input when work as combiner.

Electrical Specifications				
Frequency Range (MHz)	Insertion Loss (dB. max)	Isolation (dB. min)	VSWR	Working Temp. Range (° C)
800~2500	0.3	6 (as combiner)	1.25:1	-20~+70
Average Power (W)	Peak Power (KW)	Connector	Storage Temp. Range (° C)	Dimension unit
300(CW)	3	N-F	-40~+70	mm [inch]

### Insertion loss

0.8-2.5GHz 300W High Power 3-Way Power Divider

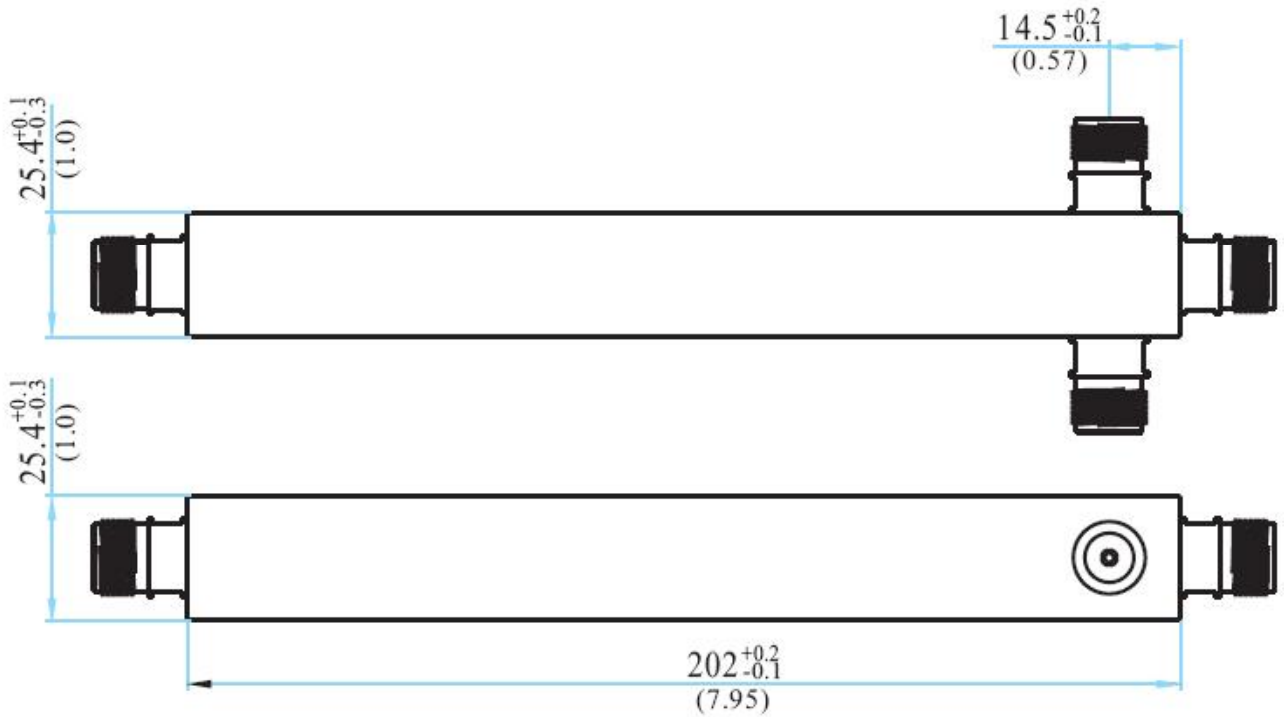

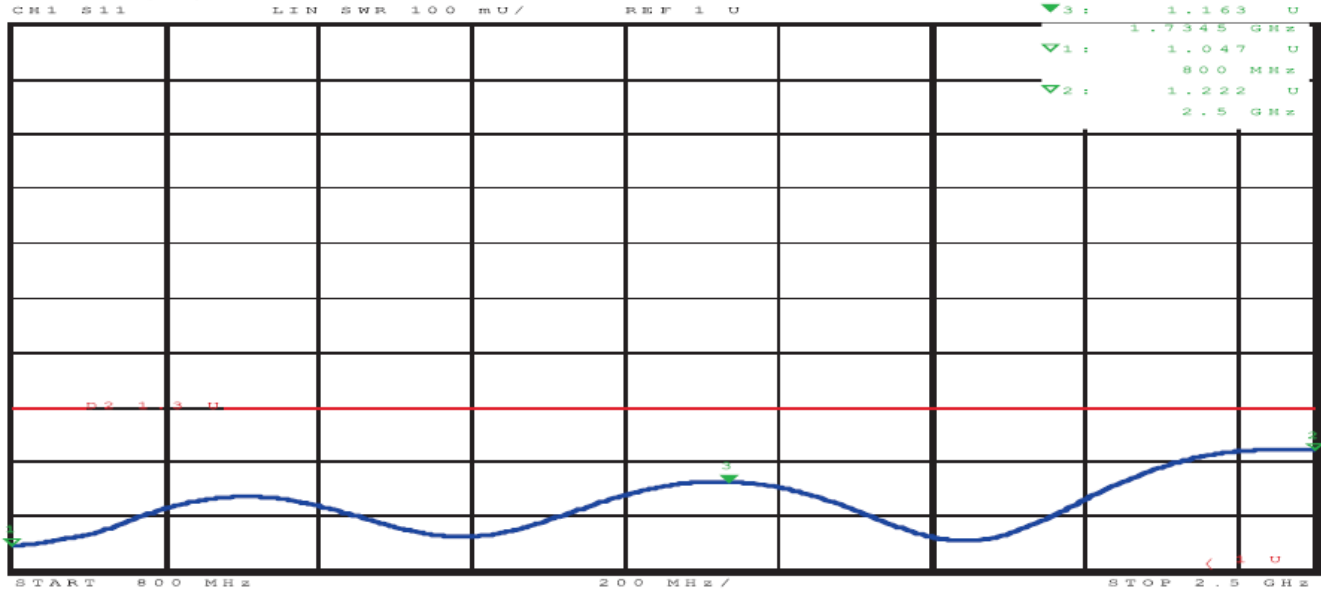

# RF-LAMBDA

The power beyond expectations

RFHT3W08025
