

Broad Band Dipole Antenna

Product Description

These broad band dipole antennas are specially designed for ground to air communication for commercial aircrafts.

Technical Specifications

Model No	370 100 34
Frequency Range	115 - 137 MHz
Gain	2dBi
VSWR	< 1.5:1
Polarisation	Linear
Radiation Pattern	Omni
Impedance	50 ohms
Max Input	50 W
Termination	N (F)
Dimension	dia 45 mm x 1620 mm
Weight	1 Kg
Mounting facility	Pole mount
Material	Aluminium & fiber glass
Finish	White painted
Temperature Range	-20°C to +70°C
Rated wind Velocity	125 Miles / Hour
