

## CAVITY BAND PASS FILTER 0.6932-0.6932GHz

### Summary:

- Cavity Filter - Suspended Substrate Stripline Filter
- Flat frequency response and low insertion loss..
  - Covers the 1 GHz to 18 GHz Frequency Range
- Wide bandwidth and 3 dB BW Available from 5-50% (fo)
  - Designs that Cover up to 40 GHz Also Available
- MIL-E-5400 standard

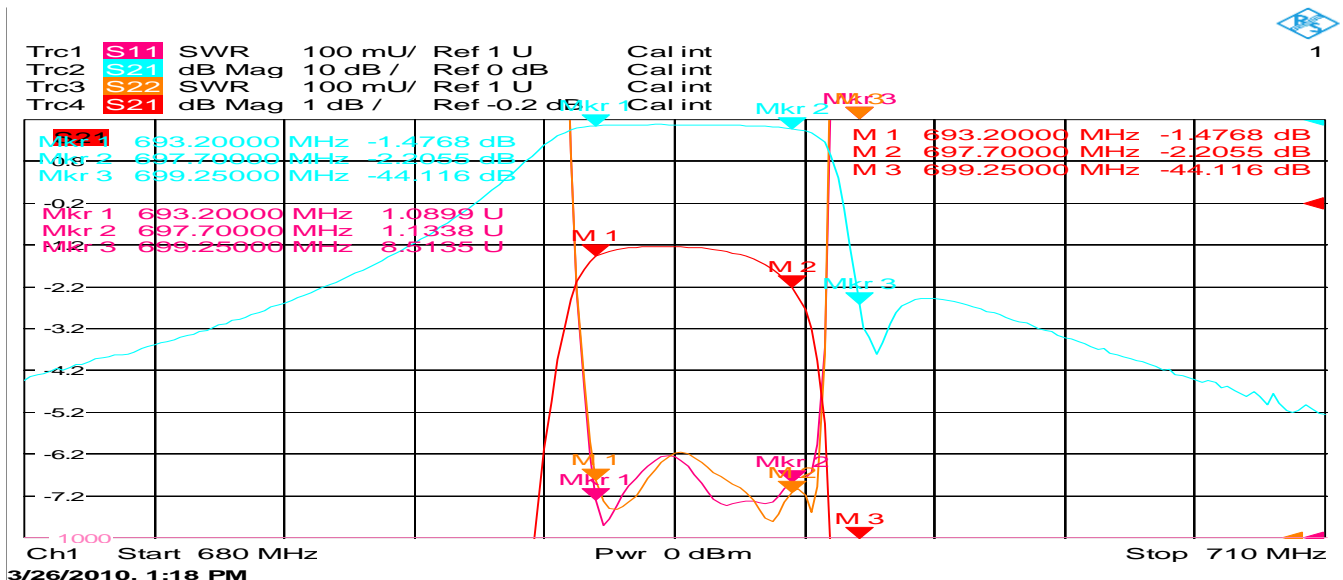

### Environmental

### Specifications:

Operational Temp. Range: -10°C~+55°C  
 Storage Temp. Range: -55°C~+100°C
