

Monopole Sleeve Antenna

Product Description

These antennas are ruggedized broadband monopoles with a capability to handle high power

Technical Specifications

Model	370 024 00
Antenna type	monopole

Electrical Specifications

Frequency	250 - 500 MHz
Gain	0 dBi
VSWR	2.0 : 1
Polarization	Vertical
Radiation Pattern	Omni directional
Impedance	50 Ω
Max Power	200W
Connector	N(F)

Mechanical Specifications

Size	225 mm
Weight	635 grams
Material	Aluminium
Finish	Green
Temperature Range	-20°C to 60°C
